The Younger/Davis high school grant was created to assist high school seniors in their study abroad enrichment activities. Younger/Davis high school seniors can email ydfamilyscholarship@gmail.com any time throughout the school year to apply for the grant. The amount of the grant to be awarded will be half of the monetary amount which was awarded at the most recent past Y/D family reunion. The student must submit application at least 2 months prior to the time that funds are requested. Additionally, the applicant must provide the following:

- Applicant name, age, high school, mailing address, phone number, and email address
- Parent's Name, and full name of Younger/Davis grandparents and great-grandparents
- Official letter from school with details regarding the activity
- The Younger/Davis Scholarship fund is supported by fund raising efforts and love offerings from family members and friends. Provide a summary of your efforts and the efforts of your immediate family in the past year providing support to the Younger/Davis Scholarship Fund.
- Essay: What does participating in this activity means to you? What do you hope to learn or gain from your participation? How will you utilize the knowledge you have acquired to benefit your future, your community, and/ the Younger/Davis family?

Upon completion of the activity (prior to the next Younger/Davis family reunion), the applicant must provide a summary statement of what was learned, to be included in the souvenir booklet with their essay.

All Applications must be typed, and received electronically to ydfamilyscholarship@gmail.com.
